

## Publications

Endoscopic band ligation is safe despite low platelet count and high INR.

Pfisterer N, Schwarz M, Jachs M, Putre F, Ritt L, Mandorfer M, Madl C, Trauner M, Reiberger T.  
Hepatol Int. 2023

Late-stage presentation with decompensated cirrhosis is alarmingly common but successful etiologic therapy allows for favorable clinical outcomes.

Schwarz M, Schwarz C, Burghart L, Pfisterer N, Bauer D, Hübl W, Mandorfer M, Gschwantler M, Reiberger T.  
PLoS One. 2023

ELIMINATE: a PCR record-based macroelimination project for systematic recall of HCV-RNA-positive persons in Austria.

Schwarz C, Bauer D, Dorn L, Jachs M, Hartl L, Chromy D, Weseslindtner L, Pfisterer N, Hennlich B, Stückler A, Strassl R, Voill-Glaninger A, Hübl W, Willheim M, Köhrer K, Jansen-Skoupy S, Tomez S, Krugluger W, Madl C, Schwarz M, Balcar L, Semmler G, Brinkmann L, Burghart L, Antonitsch L, Weidinger G, Riedl F, Laferl H, Kurteva V, Traugott M, Hind J, Wenisch C, Aburaia A, Sebesta C, Schmid D, Rothweiler S, Remetic J, Gschwantler M, Maieron A, Reiberger T.  
Wien Klin Wochenschr. 2023

Multiomics-empowered Deep Phenotyping of Ulcerative Colitis Identifies Biomarker Signatures Reporting Functional Remission States.

Review: Small Esophageal Varices in Patients with Cirrhosis-Should We Treat Them?  
Reiberger T, Bucsecs T, Paternostro R, Pfisterer N, Riedl F, Mandorfer M.  
Curr Hepatol Rep. 2018

Case report: Severe Acquired Hypokalemic Paralysis in a Bodybuilder After Self-medication With Triamterene/Hydrochlorothiazide.  
Pfisterer N, Stöllberger C, Finsterer J.  
Clin J Sport Med. 2019

Outcomes after placement of a SX-ELLA oesophageal stent for refractory variceal bleeding-A national multicentre study.  
Pfisterer N, Riedl F, Pachofszky T, Gschwantler M, König K, Schuster B, Mandorfer M, Gessl I, Illiasch C, Fuchs EM, Unger L, Dolak W, Maieron A, Kramer L, Madl C, Trauner M, Reiberger T.  
Liver Int. 2019

Betablockers do not increase efficacy of band ligation in primary prophylaxis but they improve survival in secondary prophylaxis of variceal bleeding.  
Pfisterer N, Dexheimer C, Fuchs EM, Bucsecs T, Schwabl P, Mandorfer M, Gessl I, Sandrieser L, Baumann L, Riedl F, Scheiner B, Pachofszky T, Dolak W, Ferlitsch A, Schöniger-Hekele M, Peck-Radosavljevic M, Trauner M, Madl C, Reiberger T.  
Aliment Pharmacol Ther. 2018

Non-selective beta-blocker treatment does not impact on kidney function in cirrhotic patients with varices.  
Scheiner B, Parada-Rodriguez D, Bucsecs T, Schwabl P, Mandorfer M, Pfisterer N, Riedl F, Sieghart W, Ferlitsch A, Trauner M, Peck-Radosavljevic M, Reiberger T. Scand J Gastroenterol. 2017

Nonselective  $\beta$  blockers increase risk for hepatorenal syndrome and death in patients with cirrhosis and spontaneous bacterial peritonitis.  
Mandorfer M, Bota S, Schwabl P, Bucsecs T, Pfisterer N, Kruzik M, Hagmann M, Blacky A, Ferlitsch A, Sieghart W, Trauner M, Peck-Radosavljevic M, Reiberger T.

Gastroenterology. 2014

Proton Pump Inhibitor Intake neither Predisposes to Spontaneous Bacterial Peritonitis or Other Infections nor Increases Mortality in Patients with Cirrhosis and Ascites.

Mandorfer M, Bota S, Schwabl P, Bucsics T, Pfisterer N, Summereder C, Hagmann M, Blacky A, Ferlitsch A, Sieghart W, Trauner M, Peck-Radosavljevic M and Reiberger T.

PLoS One. 2014

### Congress Reports and Speeches:

The use of statins, metformin, and RAS inhibitors did not impact on variceal bleeding risk and mortality - a large, real-life multicenter study of patients with cirrhosis

N. Pfisterer, M. Schwarz, C. Schwarz, F. Putre, L. Ritt, F. Riedl, L. Hartl, M. Jachs, M.

Mandorfer, C. Madl, M. Trauner, T. Reiberger

UEGW 2023 - Oral Presentation

Postoperative immunosuppressive therapy does not influence endoscopic recurrence rates after bowel resections due to Crohn's disease – a retrospective multicentre analysis

Pfisterer N, Dengler T, Fink V, Schmalzl L, Bauer D, Schlager L, Bergmann M, Kozbial K, Reinisch W, Schneider M, Feichtenschlager T, Sonneck K, Pramhas M, Madl C, Stift A, Unger LW

ÖGGH 2022, UEGW 2022

Endoscopic band ligation is safe despite low platelet count and high INR.

Pfisterer N, Schwarz M, Jachs M, Putre F, Ritt L, Mandorfer M, Madl C, Trauner M, Reiberger T.

UEGW 2022 - Oral Presentation

Real-Life Perceptions on the Use of Albumin in Patients with Liver Cirrhosis in Specialized Gastroenterology Units in Austria and Real-Life Perceptions on the management and prevention of variceal bleeding in Specialized Gastroenterology Units in Austria

N. Pfisterer, C. Schmidbauer, F. Riedl, A. Maieron, V. Stadlbauer-Köllner, B. Hennlich, R. Schwarzer, A. Puespoek, T. Bucsics, M. Effenberger, S. Bota M. Gschwantler, M. Peck-Radosavljevic, M. Mandorfer, C. Madl, T. Reiberger

ÖGGH, 2020

The beneficial effects of non-selective betablockers in secondary prophylaxis are most pronounced in patients without refractory ascites.

N. Pfisterer, C. Dexheimer, E. Fuchs, T. Bucsics, P. Schwabl, M. Mandorfer, T. Pachofszky, W. Dolak, M. Bischof, C. Schrutka- Kölbl, W. Sieghart, A. Ferlitsch, M. Peck-Radosavljevic, M. Trauner, C. Madl, T. Reiberger.

EASL 2018 - Barcelona

UEGW 2018 – Oral Presentation

Outcome after SX-ELLA Danis bleeding stent implantation for refractory variceal bleeding – a Vienna Multicenter Experience

Pfisterer N, Dolak W, Pachofszky T, Schöniger-Hekele M, Schuster B, Tribl B, Mandorfer M, Riedl F, Schwabl P, Bucsics T, König K, Kramer L, Gschwantler M, Madl C, Trauner M, Reiberger T

ÖGGH 2017- Wien

UEGW 2017- Barcelona

EASL 2018- Paris

Retrospektive Analyse des Keimspektrum bei Bakteriaszites und SBP von Patienten mit

Leberzirrhose

E. Fuchs, N. Pfisterer, F. Pleininger, C. Illiasch, J. Feichtinger, T. Reiberger, C. Madl.

ÖGGH 2016- Wien

UEGW 2016- Wien

Concomitant NSBB treatment does not increase efficacy of EBL in primary prophylaxis but improves survival in secondary prophylaxis of variceal bleeding.

N. Pfisterer, C. Dexheimer, E. Fuchs, T. Bucsics, P. Schwabl, M. Mandorfer, T. Pachofszky, W. Dolak, M. Bischof, C. Schrutka- Kölbl, W. Sieghart, A. Ferlitsch, M. Peck-Radosavljevic, M. Trauner, C. Madl, T. Reiberger.

ÖGGH, 2016- Wien

UEGW, 2016- Wien

Retrospektive Evaluierung: Endoskopische Pankreaszystendrainagen und Nekrosektomien in einem Schwerpunktkrankenhaus

N. Pfisterer, T. Pachofszky, E. Fuchs, m. Bischof, C. Schrutka-Kölbl, T. Pulgram, I. Gessler, L. Wagner, C. Madl.

ÖGGH, 2016- Wien

The presence of echocardiographic abnormalities increases mortality in patients with spontaneous bacterial peritonitis

M. Mandorfer, S. Bota, P. Schwabl, N. Pfisterer, G. Goliasch, V. Fuhrmann, T. Horvatits, A. Ferlitsch, W. Sieghart, M. Trauner, M. Peck-Radosavljevic, T. Reiberger.

EASL, 2015- Vienna

ÖGGH, 2015- Salzburg

Non-selective Blockers Increase Risk for Hepatorenal Syndrome and Death in Patients with Cirrhosis and Spontaneous Bacterial Peritonitis.

M. Mandorfer, S. Bota, P. Schwabl, T. Bucsics, N. Pfisterer, M. Kruzik, M. Hagmann, A. Blacky, A. Ferlitsch, W. Sieghart, M. Trauner, M. Peck-Radosavljevic, T. Reiberger.

ÖGGH, 2014- Villach

Die Behandlung mit Protonenpumpenhemmern ist weder mit der Entstehung einer spontan bakteriellen Peritonitis noch mit der Mortalität bei Patienten mit Leberzirrhose und Aszites assoziiert

N. Pfisterer, M. Mandorfer, P. Schwabl, C. Summereder, T. Bucsics, S. Bota, A. Ferlitsch, W. Sieghart, M. Trauner, M. Peck-Radosavljevic.

ÖGGH, 2014- Villach

Prevalence of and risk factors for combined cART associated drug-induced liver injury in HIV/HBV coinfecting, HIV/HCV coinfecting, and HIV mono-infected patients.

Pfisterer N, Mandorfer M, Payer BA, Reiberger T, Aichelburg MC, Rieger A, Trauner M, Peck-Radosavljevic M.

ÖGGH, 2013- Graz

Prevalence of and risk factors for combined cART associated drug-induced liver injury in HIV/HBV coinfecting, HIV/HCV coinfecting, and HIV mono-infected patients.

Mandorfer M, Payer BA, Reiberger T, Pfisterer N, Aichelburg MC, Rieger A, Trauner M, Peck-Radosavljevic M, Vienna HIV & Liver Study Group.

EASL, 2013- Amsterdam
